WEAKNESS IN STEEL UPSETS THE MARKET

Causes Falling Tendency at Close of Day of Alternating Prices.

DEMAND FOR UNION PACIFIC

This Stock the Centre of Organized Operations to Support Market on Advanced Prices.

NEW YORK, July 17.—Prices in stocks were alternating up and down all day to-day, and the movement became feverish late in the day with the quick transition from rising to falling tendency. Dealings were not on an important scale outside a few issues. It was the conflicting movement of the most conspicuous of these that kept the list unsettled. Union Pacific was the prominent influence on the part of the advance and United States Steel on the side of the decline, the weakness of the latter overwhelming the late market. The demand for Union Pacific was persistent and determined, and that stock was generally regarded as the centre of organized operations to support the market or to advance prices. The desire to make an attractive market for the convertible bonds, of which \$11,000,000 out of \$75,000,000 have fallen to the underwriting syndicate, was one of the factors that supported the stock.

The copper stocks were weak in company with United States Steel to-day, in spite of a violent rebound in the price of copper warrants in London. There was very little change in the money market, although the foreign exchange rose again. Monday's payment of \$14,000,000 on account of Union Pacific convertible bonds and Wednesday's of \$10,000,000 for American telephone stock are requirements that met in the money market. The June foreign trade statement indicates a heavy increase in manufactured exports for the month compared with June of last year, which is sufficient to more than offset the heavy growth in value of imports for the same period. The cotton weakness in London and Steel made the closing weak and disorderly at sharp losses.

Bonds were irregular. Total sales par value, \$890,000. United States bonds were unchanged on call. Total sale to-day, \$62,200 shares.

NEW YORK, July 17.—Money on call easy, 2-1/2 to 3-1/2 per cent.; ruling rate, 3-1/2 per cent. Closing bid, 3, offered at 3. Time loans dull and steady; 60 days, 4-1/2 to 5-1/2 per cent., and 90 days, 4-3/4 to 5-1/4 per cent. Money market, 60 per cent. Close: Prime mercantile paper, 1-1/2 to 1-3/4; sterling exchange, 1/16; with actual business in bankers' bills, at \$4.85 to \$4.90 for demand and at \$4.85 to \$4.90 for 60 days' bills. Post office bills, \$4.84 to \$4.85; Commercial bills, \$4.83 to \$4.84; bar silver, 68 to 69 cents. Mexican dollars, 52 to 53. Government bonds steady. Railroad bonds irregular.

COTTON MARKETS.

NEW YORK, July 17.—The cotton market was more active and showed continued firmness, taking the day as a whole, with the close firm, not unchanged on July and 15th. Prices for the day for the first time since the opening of the market on July 15th, when it was influenced by higher cottons on late positions. Shortly afterward the general pressure, which was encouraged by continuing favorable weather in the South, but after showing a renewal of demand and from leading bears and buying by the market, the market became firmer and active on a more general demand, with last prices only a point or two off from the best. This advance followed a direct from the bear leader quoting a bearish opinion of the crop by a prominent Southern, which was taken to indicate that leading bears were becoming uneasy and wanted to cover. Some of the local professionals have been buying of the note all the week, and an indication that the leading bears are trying to reduce their lines seems to attract a considerable demand in anticipation of a renewal of the bull movement. Private crop news was more or less conflicting, and some very bullish reports were received from Texas. Southern spot markets were unchanged to 1/2 higher.
